3D WAX MOVING-FLAME CANDLES

2016

STUNNING REALISM

**TRUE-FLAME
TECHNOLOGY®**

SAFE AT HOME

HOKARE Flameless Candles are stunningly realistic and our patented TRUE-FLAME Technology® makes them virtually indistinguishable from the real thing.

And whilst our three-dimensional flame will never burnt out, **HOKARE** Flameless Candles are cool to the touch and completely safe in the home and around children and pets.

Our **HOKARE** range includes classic wax candles in simple colours such as ivory and coffee, contemporary mosaic glass designs in subtle muted tones and seasonal candles fit for any festive occasion.

THE DIFFERENCE

TRUE-FLAME TECHNOLOGY®

Our patented TRUE-FLAME Technology® makes **HOKARE** Flameless Candles virtually indistinguishable from the real thing - accurately replicating the three-dimensional shape, colour and flicker of a real flame.

THE LONG LASTING FLAMELESS CANDLE

HOKARE Flameless Candle will last up to 350 hours and come with premium quality long life batteries, so you can use them straight away.

Our long life batteries combined with our 4 hour timed cycle mean your **HOKARE** Flameless Candles will last for up to 3 months on one set of batteries.

REMOTE CONTROL

Our innovative Remote Control works with any **HOKARE** Flameless Candle and enables you to place candles in hard to reach places yet switch them on and off easily.

You can set your candles to run on a 2, 4, 6 or 8 hour timed cycle, dim or brighten the flame and change the flame from flicker to static.

SAFE AROUND THE HOME

If you long for the glow that real candles create, but worry about the safety of candles in the home, **HOKARE** is the answer.

Our three-dimensional flame will never burn out, always remains cool to the touch and is completely safe around the home, children and pets.

THE ADVANTAGE

TIMER FUNCTION

Automatic timer function

Set for 4 or 8 hours

Activates for same time
every day when set

TRUE-FLAME TECHNOLOGY®

360 degrees flame

Completely random flicker

Looks like a real candle
from all angles

MULTI HUE FLICKER

Multi hue flicker technology
emulates the colour tones
of a real candle

Transitions from blue to
amber to white

REMOTE CONTROL SYSTEM

ON/OFF switch

Timer can be set for 2, 4, 6
or 8 hours

Dimmer function

Light mode change flame
from flicker to static

**HOKARE Flameless Candles will last up to 350 hours
and come with premium quality long life batteries,
so you can use them straight away.**

Our long life batteries combined with our 4 hour timed
cycle mean your **HOKARE** Flameless Candles can last
up to 3 months on one set of batteries.

SCALLOPED TOP LED CANDLE - IVORY RANGE

SCALLOPED TOP - IVORY RANGE

The HOKARE real wax candle uses innovative COLOUR-HUE Technology with a unique three-dimensional flame that replicates the colour of a natural flame.

Each ivory pillar candle has a wax casing with a melted scalloped top that offers a lifelike look. The scalloped top makes this candle perfect for table and centrepiece decorations as you can see the flame from every angle.

The candle comes with 2 x C-cell batteries, easy to use.

SPECIFICATIONS

- **Extended battery life** - up to 350 hours
- **Safer than a real candle** - perfect for those with children or pets
- **Patented COLOUR-HUE Technology** - produces a flame that randomly varies in movement, colour and brightness, making it indistinguishable from a real flame
- **Remote Control enable** - can be used with our remote control which offers additional features
