"With certain garments in our range you can now become your own designer and choose the details you want."

Gavin Dodd, Managing Director, A. Ronai LLC

Choice and flexibility with Ronai

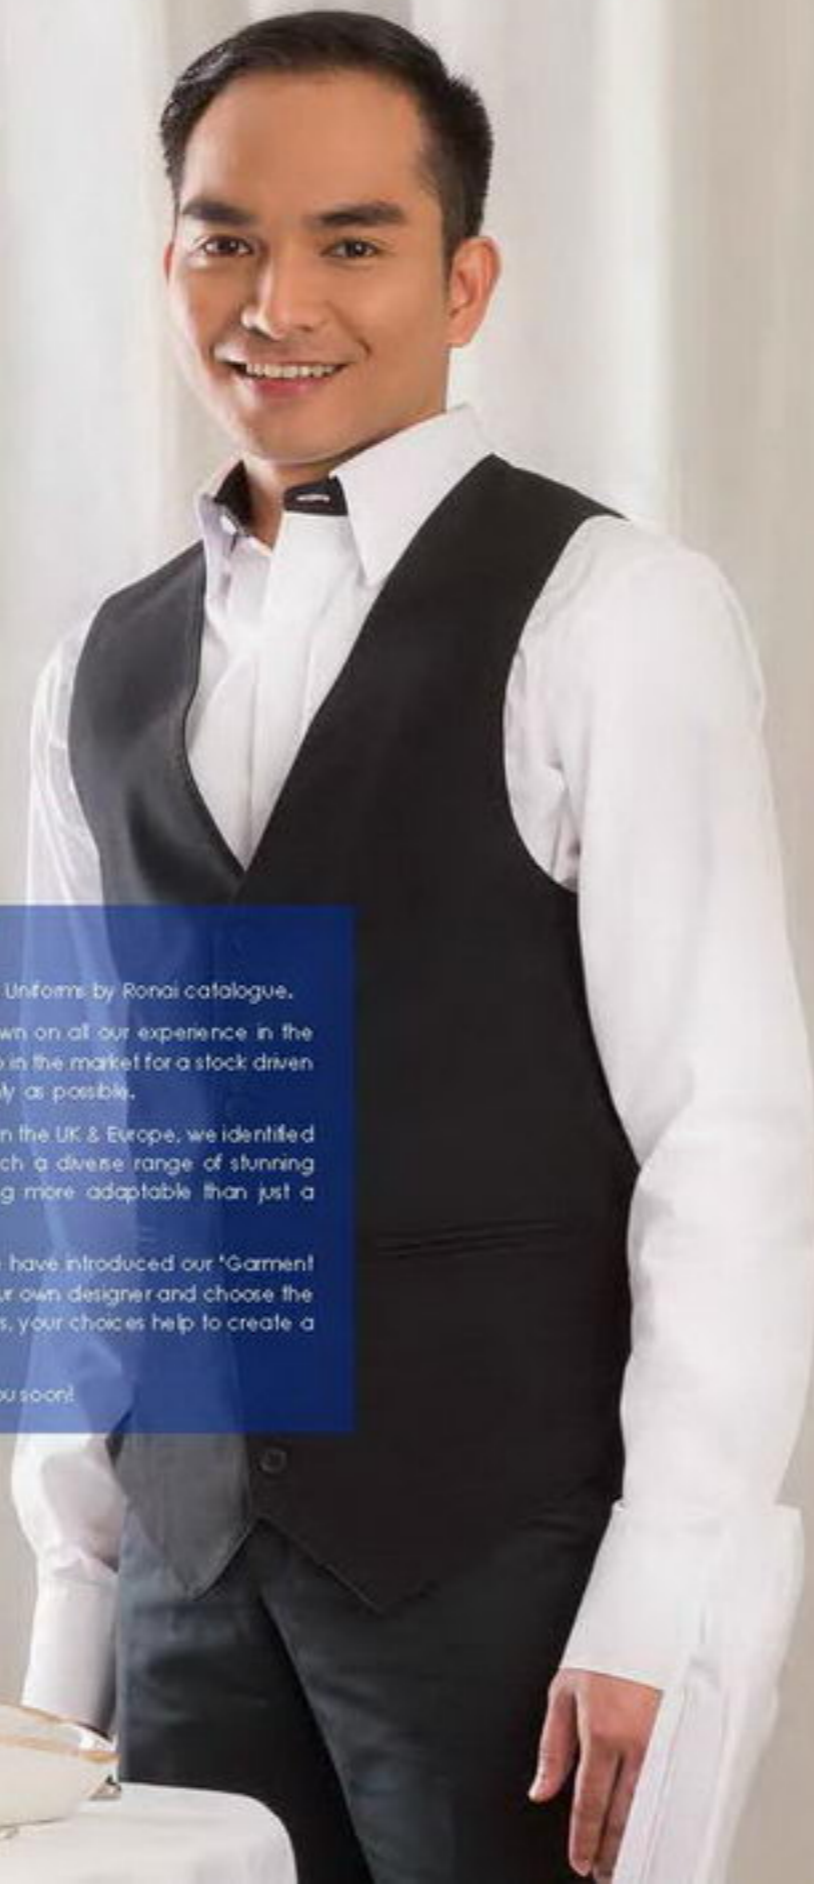

As Managing Director of A. Ronai LLC, I am delighted to launch our first Uniforms by Ronai catalogue.

Embarking on this new project, my in-house designer and I have drawn on all our experience in the uniform market over the last 20 years. We realised that there was a gap in the market for a stock driven catalogue to service customers' requirements as efficiently and stylishly as possible.

Whilst we were impressed with the corporatewear catalogue offerings in the UK & Europe, we identified that a different approach was required for the Middle East. With such a diverse range of stunning properties and individual businesses in the region, offering something more adaptable than just a standard range of stock held garments was vital.

So, to give our customers as much choice and flexibility as possible, we have introduced our 'Garment Builders'. With certain garments in our range you can now become your own designer and choose the detail you want. From sleeve lengths to buttonholes and fabric colours, your choices help to create a unique garment for you and your team.

We hope you enjoy our catalogue and look forward to hearing from you soon!

TAILORED RONAI for the workplace

SUITING

Our new tailoring collection offers you an adaptable assortment of fashionable and flattering separates that create an interchangeable working wardrobe. Pick and choose the styles that work for you and create a look that is right for your team.

Using a luxury woolblend fabric made of fine yarns and with the added advantage of containing lycra to give the wearer increased comfort. The extra stretch that the lycra provides also helps the crease recovery properties of the suits – an important bonus in the sometimes hefty demands of everyday wear. The fabric's sharp and distinctive appearance combines a modern high street fashion look together with the reliability, durability and excellent classic performance characteristics that are demanded by the uniform market.

Available in 3 timeless colours – black, navy and charcoal, with sumptuous linings and fine detailing, this range offers you the perfect solution to your suiting needs.

“A range that offers you the perfect solution to your suiting needs.”

David Sprakes, Design & Production Manager, A. Ronai LLC

HOW TO ORDER

Email your order details to uniforms@ronal.ae detailing the garment, code, description and colour, with the quantity of each size you require. Don't forget to give us your full contact details.

An invoice/quote will then be emailed back to you.

Alternatively you can call us on +971 (0)4341 4409 and speak to a member of our team.

endorse it!

Many of the items in this catalogue can be personalized by adding your company logo or staff names.

Certain endorsement types work better on different garments. Please contact our sales team for any further assistance.

EMBROIDERY

The most durable of all endorsements, embroidery is suitable for most garments. *(An origination charge may apply.)*

For extra impact raised embroidery can be used for some logos and is perfect for caps.

STRETCH PRINT

Suitable for lots of fabric types, stretch printing offers you the ability to add a full colour logo that is much more durable than screen-printing.

HEAT-APPLIED TRANSFER

Offering you the ability to replicate complicated logos, heat-applied transfers are both attractive and durable.

Only suitable for orders of over 100 garments.

VINYL

Perfect for polo shirts, vinyl logos are a quick and easy way to make a bold statement and work best for simple logos and text.
