SMART SOLUTION FOR HOTEL & RESTAURANT

Induction Chafing Dishes

The induction chafing dishes from Tiger not only look great, but also are unique in design and effective in cost. This unit can be flush mounted utilizing induction heat, or our electric heater, or canned fuel. The clad bottom distributes heat evenly minimizing hot spots that cause food to stick and burn.

The self-closing lid has adjustable patented hinges that will prevent food from getting cold. In addition, the lid can be removed with one hand for easy cleaning. The lid also has air vents that reduce condensation build up that could drip on the food.

This condensation is captured by the water recycling system allowing less refilling of the water pan, decreasing labor costs. The handle keeps cool preventing burns. The entire chafer is repairable, making this a quality investment that will last for years to come.

THANKS TO ITS HIGH DENSITY MAGNETIC BOTTOM SMART CHAFERS ARE THE MOST ENERGY EFFICIENT CHAFERS IN THE MARKET! **SAVE ON THE ENERGY COST, CHOOSE SMART!**

T-Collection

FEATURE

1. Three color accents
2. The revolutionary infinite stop motion hinge
3. Water recycling system with easy no mess clean-up
4. Stackable stands for convenient storage
5. Counter handle for easy, safe transport

NEW PRODUCT

15800-CHO, 15800-CHO-RGD (ROSE GOLD), 15800-CHO-BLK (BLACK)

Solid die casting handle, Silicone

Induction hob

When using any of Tigers induction chafers and combining them with Tigers Induction heaters you will accomplish many good things:

- A GOING GREEN**
- B USE LESS ENERGY**
- C RUN MORE CHAFERS ON A SINGLE POWER CIRCUIT**
- D POSSIBLY ELIMINATE THE NEED TO RE-WIRE THE BUILDING**

Induction heaters require induction ready pans and chafers.

11120-NEW

SMART ADAPTOR FOR BUILT-IN INDUCTION FOR 11758-230

MAGNETIC INDUCTION LID FOR 11762

Size (øxH): 268x19 mm

Weight: 1.6 kg

Material: Stainless steel 18-10, Magnet

Low consumption induction warmer!

Roll Top Chafing Dishes

- 1. Removable lid opens at 90° and 180° degrees for serving versatility.**
- 2. Dripless Waterpan.**
- 3. Fully functional automatic slow-down system.**

Tiger Oblong Roll Top Chafing Dish is made of solid 18-10 Stainless steel. The structure is sturdy due to 3 mm gauge frames. The lid opens to 90° and 180° for serving versatility and has an auto-braking system to prevent slamming.

The lid will roll back to 90° and stop. To continue to 180° simply push the lid beyond the stop. This will help keep food warm more efficiently.

The water control system will decrease labor by recycling the condensation from the lid to the water pan. In addition, the lid can be removed for easy cleaning.

The handle keeps cool preventing burns.

The chafer is repairable, making this a quality investment that will last for years to come.

T-Collection

Space is always an issue in busy outlets! Tiger has a smart solution for that. Square stackable legged roll top chafing dishes are not only convenient but also appealing in modern contemporary banquets.

IT GUARANTEES STABLE STACKING UP TO 5 UNITS.
