Plateau™

With graceful intention, Steelite introduces the stunning new Plateau collection designed by award-winning Martin Kastner for Crucial Detail. This timeless, subtle design seamlessly marries form and function creating a fresh take on a blank canvas for chefs everywhere.

Elegant in its simplicity, this collection lifts the flat plate above the table's surface for ease of transport without compromising presentation. A subtle relief in the centre allows chefs to build on the high and low points of each piece, creating a gentle play of light and shadow on a pure geometric form. Elevate your own presentations with Plateau.

Parentheses™

Bringing the chef's presentation to sharp focus is what first inspired the Parentheses collection by Crucial Detail. Just as attention is centred on wording within a parentheses in text, so is emphasis drawn to the food when plated on a Parentheses piece. Smooth, clean lines of each piece ensure the guest's attention to aesthetic is where it should be – your food.

Toolkit™

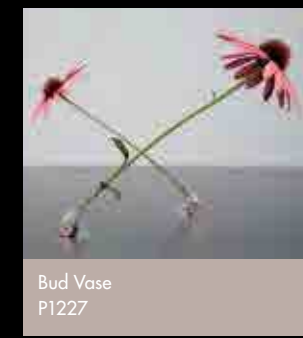

The Crucial Detail toolkit offers the most radically different means of presenting food seen anywhere in the world today. A collection of high-strength wire and glass is combined to create pieces which can suspend your food and your belief. Use pieces such as the Peacock to take the diner through a taste experience unlike any other or use the Eye to deliver a frozen delicacy by first freezing the glass element of the piece.

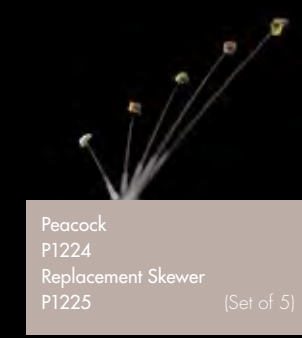

A truly inspirational way of presenting food, this collection epitomises the design ethos of Martin Kastner – beautiful form with simple, intuitively identifiable function. Crucial Detail.

RENE
OZORIO

The Rene Ozorio collection of porcelain tableware is uniquely designed to bring a sensational added dimension to the dining experience. Created to draw on ethnicity, the range is intended to help deliver a complete sensory occasion. The pieces offer varying heights and well sizes, the intention being a simple yet exciting solution to food presentation without distraction and in essence, framing the food being served.

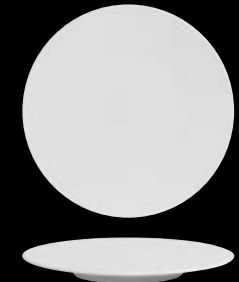

SonataTM NEW ADDITIONS

Design by Rene Ozorio, the Sonata collection's embossment is a delicate note which complements the strong direction of the shapes. A welcome departure from the formal "nouvelle" and "fusion" cuisine of the past, Sonata's sophisticated embossment of radiant lines centers the visual focus on the well of each plate and bowl, placing emphasis on the cuisine being served.

Aura Squares™

Divided into three categories: trays, plates and bowls with varying proportions, this collection creates a new tablescape. The pieces lend themselves to composition, layering and contrasting of forms and the smaller foot on the pieces adds a more delicate touch to the conventional straight sided walls. A simple concept with multiple combinations to challenge how we see and eat, this range is perfect for modern Asian and Western cuisine.

Aura Sushi™

Smaller portions draw attention to the size and shape of the pieces. This is indicative of what is called 'Young Cuisine' – smaller portions presented together to build a series of taste experiences – sometimes complementary, sometimes contrasting.

Duo™

Building a series of “taste experiences”.

Inspired designs in shape and form that stimulate the senses of sight and touch, Duo brings an architectural delight to tabletop presentation. Strong lines combine with subtle curves to create a distinctive setting.

With the addition of Duo, Rene Ozorio introduces a new collection of perfectly sized individual bowls and casseroles that are designed to bring the smallness of the portion to a sharp focus. The idea of building a series of “taste experiences” that are sometimes complementary and other times contrasting is what inspired Rene to develop Gourmet Duo. Mini casseroles with snug fitting lids, presentation and boat bowls provide unique vessels for gourmet tastings filled with gastronomic delights.
